DEVOTED TO MAKING ADA A LARGER AND MORE PROGRESSIVE CITY

VOLUME 7

ADA, OKLAHOMA, THURSDAY EVENING, JANUARY 12, 1911

NUMBER 239.

## TWICE A YEAR

We must close out our surplus goods to start the new season with new goods. Right now is our time when we start closing out our surplus goods left over. You can buy a suit of clothes or an overcoat at much less than before. Our goods, as you know, are big values at the usual prices, and just that much bigger at the present cut prices.

We want you to come and investigate before you make any purchase.

See our window display of cut prices in Underwear.

### OVER 600 APPLICANTS FOR GAME WARDEN

Oklahoma City, Ok., Jan. 11.—Gov. Cruce has been closely besieged all of today by applicants for office, in which those seeking appointment as game and fish warden are decidedly in the lead. There are said to be between 600 and 700 applying for this place alone, and up to tonight the governor has accorded every one a patient hearing irrespective of the place or position they want.

So pressed has the executive's time been by job-seekers that he has had no opportunity to confer with his private secretary or chief clerk regarding the offices they have assumed. It has been the governor's custom to answer every letter received but the number received indorsing applicants for appointive positions has reached such a volume that the state would have to hire an extra force of stenographers if personal acknowledgements were undertaken from each instance.

The following statement was issued from the governor's office tonight: "In the future the governor will adopt the policy of answering only such letters as from their nature demands a reply. He hopes that this expression through the press will be received by those writing letters of indorsement and congratulation, as ac-

knowledge of their communication."

### Street Fakirs Fined.

Two street fakirs who were running wheels of fortune were fined in the police court yesterday afternoon for gambling. They purported to sell a whistle for ten cents and give a numbered paddle with each whistle, which was likely to win a prize if the wheel stopped on one of the numbers—but they were caught selling the paddles without the whistles and were promptly arrested for gambling. After contributing \$14.75 to the city they decided to evacuate Ada.

### LAST NUMBER OF LYCEUM COURSE

The last number of the normal lyceum course will be given at the city hall auditorium tomorrow evening by the famous magician and ventriloquist, Hal Martin.

Those having tickets will please come promptly at 8 o'clock to secure seats. A rate of ten cents is made to children and students in the normal and city schools. This is strictly a children's number and we expect a crowded house.

### FARMERS STATE BANK STOCKHOLDERS MEET

At a meeting of the stockholders of the Farmers State Bank yesterday the following officers and directors were elected for the year 1911: W. L. Byrd, President; D. C. Highbarger, Vice President; E. W. Cotton, Vice President; G. H. Keen, Vice President; F. O. Harris, Cashier; Leslie Prince, Assistant Cashier; Albert Russell and Geo. Harrison are the two other directors.

This bank which is among the foremost financial institutions in the city was first to organize in Ada under the Oklahoma Bank Guaranty Law and its success is no small compliment to the integrity and business sagacity of the officers. That the past year has been filled with abundant prosperity for the institution is a fact attested by the stockholders themselves.

### RELATING TO LAND TAX.

Federal Judge Campbell Holds Inalienable Land Non-Taxable.

Muskogee, Okla., Jan. 10.—Four important decisions involving the right of the state to tax certain classes of Indian lands and sell the lands for taxes, were handed down by Federal Judge Ralph Campbell Tuesday afternoon in suits that were brought at the instance of the federal government and demurred to by the county assessors. The decisions apply to the Creek, Choctaw and Chickasaw nations. In each instance one decision covers 1908 taxes and the other 1909 taxes.

The court holds that no land that is not alienable can be subject to taxation and that in all the five civilized tribes the homesteads of all Indian allottees of one-half or more Indian blood, or of such allottees deceased who have children surviving who were born subsequent to March 4, 1906, are inalienable and non-taxable.

The government will not appeal from the decisions and it is doubtful if the state will.

### LAND SALE BEGAN TODAY

NINETY-SEVEN TRACTS OUT OF  
200 SOLD THIS AFTERNOON.  
PRICES RANGE FROM  
\$6.50 TO \$40.50.

### A BIG CROWD PRESENT

Bidding Spirited on Choice Pieces of  
Land—Farmers Buy Most  
of It.

The much talked of sale of unallotted land began at 1:30 this afternoon at the city hall and has progressed rapidly. Up to the time the News reporter left the building there had not been much competition, a tract if sold at all, going to the first bidder at the minimum price.

The sale was to have begun this morning and in anticipation of it a much larger crowd had gathered than seemed likely yesterday afternoon. From all over the county people came with the expectation of purchasing small tracts of land near their homes or else some other location that they had located on the map. Besides these there was a good sprinkling of outsiders, some of whom followed the sales agents from Purcell. In fact, every hotel in town was filled to overflowing last night.

Some important papers failed to arrive last night and besides that the clerks had been unable to complete their work at Purcell yesterday in time to reach Ada this morning. When the crowd gathered this morning, Auctioneer T. J. Creel mounted a table and stated the case to the crowd

and after a few words of general instruction on what to expect during the sale, dismissed until 1:30.

At the appointed hour every foot of standing room in the hall was taken up. The auctioneer shuffled off his coat, took a hitch or two in his belt and announced ready for business. The first tract was situated in the extreme northwest tip of the county and consisted of 30 acres, and was listed at \$13 per acre. No bidder appeared and it was passed up. The same thing happened in the case of the second tract, in the same locality. The third tract, however, had a bidder waiting. It contained 28 acres and brought the minimum price of \$236.08. It was bid in by J. C. Davis of Asher. The next tract, also in the northwest corner of the county, was bid in by S. P. Horn at the appraiser's figures of \$1158.70. It contained 132 1-2 acres.

From that time forward the sales were made in quick succession, the auctioneer wasting no time about it. The party in charge of the sales consists of W. H. Angell, who is the head of the party, T. J. Creel, auctioneer, W. H. Chappell, cashier, Alf McCay, Indian police, Ed Bradley, representing the Chickasaw nation

and J. L. Granger, J. B. Kelsey, Geo. B. Rennie, G. P. Morrison, H. H. Hubbard, clerks. LATER—The sale for the day closed at 3 o'clock. Two hundred tracts had been called and ninety-seven sold. The prices ranged all the way from \$6.50 per acre to \$40.50. The top price was paid for a small tract for Mr. Hicks near Vanoss. On it was a good spring, and all land surrounding it belonged to Mr. Hicks. He was determined to have it at any price and O. E. Kerr as his attorney made the top bid as indicated. The sale will open again tomorrow morning at 9 o'clock. The tracts passed over this afternoon will again be called and bidders given another chance at them. There are 1144 tracts listed in Pontotoc county and the sales will likely occupy the remainder of the week.

Mr. Angel, the chief of the party, stated that the sale at Purcell was most successful. Nearly all of over 800 tracts was sold, some of it at fancy prices. At that sale and the one at Pauls Valley a total of \$900,000 was sold. He says that there as at Ada, ninety per cent of the land was sold to resident farmers, a showing he is well pleased with.

## A Broad-Guage Advertisement

In order to induce trade we have decided to present to our customers the most handsome present ever offered or given away in Ada.

On Saturday, April 1, 1911

We will present to the person holding the largest number of our sales tickets:

- A handsome tailored spring suit \$35.00
- A beautiful spring hat 25.00
- A fine pair of oxfords or sandals 5.00
- A fine pair of silk hose 2.50

The person entitled to the items mentioned above will surely get them on the date mentioned regardless of the amount sold on the strength of this advertisement.

### SAVE YOUR SALES TICKETS

No one, even our warmest friends will receive sales tickets from us except on a bonafide purchase. Consequently you may rest assured that you will get a square deal. Spring purchases are not as heavy as those in the fall, so it's the little things that count in this contest and not the amount of money you spend.

We certainly appreciate your patronage, and stand by our advertisements, also the merchandise we sell in all instances, and on this basis we solicit a share of your patronage. Our ready-to-wear line for ladies' and children, spring foot-wear, laces, embroidery, muslin underwear, millinery etc., will be second to none in Pontotoc County.

It is lucky thing that comparative-  
ly few of the troubles with which we  
are surrounded ever really happen.

One reason so many men fall is  
that they hope to have strength to-  
morrow to resist the temptation that  
they yield to today.

Gov. Colquitt of Texas, recently had  
a very exciting experience with a  
runaway aeroplane. That is nothing,  
however, to the experience he will  
have in a few weeks with a bucking  
legislature on his hands.

It cost Senator Stephenson of Wis-  
consin \$107,000 to get the nomina-  
tion. An investigation committee of  
the legislature says part of it was  
used as a corruption fund and rec-  
ommends that he be fired forthwith.  
Lorimer seems to be in the same  
boat. Looks like money makes the  
senators as well as the mare go.

The last number of the lyceum  
course will be given at the city hall  
tomorrow evening. The hall is used  
instead of the normal chapel be-  
cause it is more convenient for the  
people of the town. It will be one of  
the best of its kind ever seen here,  
so it is to be hoped that a good  
crowd will turn out.

As soon as possible after his in-  
auguration Gov. Cruce hid out, much

to the discomfiture of hundreds of ap-  
licants for appointment to office. It  
is said that some wag created much  
merriment a few days ago by an-  
nouncing that owing to the lack of  
room to accommodate the several hun-  
dred applicants for game warden in  
the Lee-Huckins hotel that they  
would adjourn to the Muskogee fair  
grounds. Verily the paths of both the  
office hunters and the office dispen-  
ser are not strewn with roses.

The legislature of Tennessee, has  
passed a resolution indorsing New  
Orleans for the location of the great  
Panama exposition in 1915. A sim-  
ilar resolution has been introduced in  
the legislature of Oklahoma and we  
sincerely hope it will pass for New  
Orleans is a southern city and the  
one which will be the principal feed-  
er to the canal traffic when it is open-  
ed. Another reason, purely selfish, is  
that we would not have such a long  
journey on the brake rods if we de-  
cided to attend the fair at New Or-  
leans as we would in case it were  
located at San Francisco.

Women Must Serve on Juries.  
Spokane, Wash., Jan. 12.—Promi-  
nent workers in the suffrage move-  
ment, members of exclusive clubs and  
scores of working women in Spokane  
are writing letters to Governor Mar-  
ion E. Hay, urging him to deny the  
petitions of women electors request-  
ing to be relieved from jury duty if  
called upon for service.

"When I asked for the privilege of  
citizenship," said Mrs. May Ark-  
wright Hutton, president of the  
Washington Equal Suffrage League,  
"I was ready and willing to accept  
all the requirements. I am willing  
to serve on a jury and will do so  
without protest, if called to that or  
any other duty required by the state."  
Mrs. Hutton is the wife of Levi W.  
Hutton, a millionaire mining opera-  
tor, and has extensive interests in  
Spokane and the Coeur d'Alene min-  
ing district in northern Idaho. She  
financed a state-wide campaign for  
equal rights in 1910 and was a fac-  
tor in securing the ballot for women  
at the last state election.

Mrs. A. P. Passett, who has been  
identified with the suffrage and other  
women's movements in Spokane for  
years, said:

"I have written to Governor Hay,  
asking him to refuse to take any  
action on the petitions of women vot-  
ers requesting to be released from  
jury duty. I have also interested a  
large number of club women to write  
similar letters.

"When I worked for equal suffrage  
I fully understood all the duties that  
would devolve upon the women as  
voters. I am afraid now that if the  
women start to balk at sitting on a  
jury they will lose their right of  
franchise."

That the women of Spokane are  
interested in the ballot is evidenced  
by the large number registering for  
the spring election in March, when  
five commissioners will be chosen to  
replace the present city government,  
headed by Mayor Nelson S. Pratt.

## NORMAL NOTES

The basket ball girls are working  
hard now getting ready for the game  
Saturday night with Konawa. The  
Konawa team is said to be one of the  
best high school teams in this im-  
mediate part of the state. Carmer Dal-  
las, the popular and efficient captain  
of our team last year, is captain of  
the team and will play either center  
or forward. A lively game is expected.

The Normal team is in fine condi-  
tion. Mace White, who never fails to  
bring a crowd to its feet by her ac-  
curate goal shooting, is better now  
than ever before. Although she has a  
weak ankle at present she will be in  
excellent condition for the coming  
game. Willie Faust, the other for-  
ward, is improving wonderfully at  
present, and her goal shooting is get-  
ting to be almost a marvel. However,  
her nice team work is even more  
commendable than her goal throw-  
ing.

Noble Kidd, who has been playing  
right guard, is now playing first  
center. To say that she plays all over  
the entire court at once is putting it  
very little too strong. For speed  
and long passing she has few if any  
equals. With a little more practice,  
she is in a fair way to become the  
star center of the entire state.

Maud Brents will play second cen-  
ter Saturday night. Maud has never  
been in a field game, but every one  
says she will be there with the goods.  
Maud is the kind that causes teams  
to win, for she works hard and has  
a way of going after the ball that is  
seldom blocked.

The guards of the team are admir-  
ed by all lovers of sport. They play  
the game from the real athletic and  
scientific standpoint. Bernice Douth-  
itt, who has represented Ada in every  
game yet played, will be in her old  
position, and the Konawa girls will  
certainly have a cause to rejoice if  
they succeed in getting a goal over  
her. For speed and accuracy in  
handling the ball she has no super-  
ior. Mary Kate Baker will take the  
other place at guarding, and to say  
that she will play her position well  
is putting it too mild indeed. She is  
gradually becoming one of the sur-  
est and most effective of the six. She  
is not the kind that stars one day  
and is off the next but is always in  
her place ready to do the work.

The game will be called at 8:15 at  
the city hall.

### The Romance of the Railroad.

The United States built in the year  
just closed 4,200 miles of railroad,  
leading all the countries of the world  
in new mileage, as it has every other  
year for the last half century. It was  
said several years ago that the days  
of great railroad-building in this  
country were over, and that hence-  
forth Canada, Argentina, Australia  
and South Africa would be the chief  
fields of this industry. But the im-  
mense vitality of the American re-  
public and its power of drawing peo-  
ple, industry and wealth to itself  
were overlooked.

Canada is receiving a great immi-  
gration; its huge western plains make  
railroad construction cheap and easy;  
yet despite all the talk, it built only  
629 miles last year, or about one-  
seventh of our own. Argentina, Aus-  
tralia and South Africa make show-  
ings relatively as poor. Our mileage  
is now nearly half that of all the  
world; it exceeds that of all Europe  
by more than 50,000 miles, and in the  
last ten years we have built more  
miles than any other country pos-  
sesses.

The building of a new railroad in  
this country is so much a matter of  
the day's work that the public pays  
no attention to it. We have recently  
opened two new transcontinental lines  
and in either case the event passed  
almost without notice. We now have  
seven such roads, and we should have  
more if it were not for the fact that  
the country they traverse is acquir-  
ing, like the East, a railroad gridiron  
of its own.—New York World.

### Twin Courts at Work in Tulsa.

Tulsa, Okla., Jan. 11.—J. R. League,  
appointed superior judge of Tulsa  
county by the county commissioners,  
and M. A. Breckinridge, appointed to  
the same place by Governor Haskell,  
both are holding sessions of the same  
court in Tulsa.

It is believed that the muddle will  
come to an end some time this week  
as both sides are said to have agreed  
to submit the facts in the case to  
District Judge Poe and abide by his  
decision.

Judge League has offered to furnish  
a courtroom, rent free until the mat-  
ter is settled, and the commis-  
sioners have designated a place for ses-  
sions of his court to be held. Mean-  
while Judge Breckinridge is holding  
sessions of his court in the district  
courtroom.

### Notice of Sheriff's Sale.

Notice is hereby given that in pur-  
suance of a writ of execution issued  
out of the justice court in and for  
Pontotoc County, Oklahoma, on the  
17th day of December, 1910, in an  
action wherein Ada Furniture and  
Coffin Co. was plaintiff and W. O.  
Bennett was defendant commanding  
me to levy upon property belonging  
to said defendant W. O. Bennett suf-  
ficient to satisfy judgment rendered  
in said action in favor of Ada Fur-  
niture & Coffin Co. and against W.  
O. Bennett for the sum of \$18.00 with  
\$7.60 cost, with interest thereon from  
the 19th day of February, 1910; I  
have levied upon certain household  
goods belonging to the said W. O.  
Bennett not exempt from sale under  
execution to-wit: 1 bedstead, 1 pair  
springs, and one sewing machine and  
\$6.00 in cash, aggregating, with in-  
terest, the sum of \$27.32 with sher-  
iff's accruing costs.

Now, therefore, notice is hereby  
given that in pursuance of the com-  
mands of said writ, I will offer for  
sale and sell for cash to the high-  
est bidder said property, or so much  
thereof as will satisfy said judgment  
and cost, on the 21st day of Janu-  
ary, 1911, at 2 o'clock P. M. of said  
day at the front of the Court House  
in the City of Ada, Oklahoma. Said  
sale, however, to be approved by said  
Court.

Witness my hand this 11th day  
of January, 1911.

## PONTOTOC PRODUCES OVER 26,000 BALES OF COTTON

D. Rushing, the official cotton reporter for Pontotoc county, states that up to Dec. 31 there had been ginned in Pontotoc county a total of 26,557 bales. These figures include 2,048 round bales ginned at Ada. About forty per cent of the crop of the county has been marketed at Ada the remainder being divided up among the other towns. This crop brought around \$2,000,000 or something near \$90 for every man, woman and child in Pontotoc county.

## COLD WAVE WAS MOSTLY A BLUFF

The cold wave struck Ada on schedule time all right, dropping on us about ten o'clock last night, and for a time it looked like it might be the real article, but the main part of it must have switched around somewhere else, for by 2:30 this afternoon the thermometer had risen to 55 degrees and the sun was shining again. Rain or snow had been forecast along with the cold wave, and this morning while on the street we observed about a dozen flakes of snow falling, but like the cold wave, it was only a bluff. The forecast for tomorrow is fair.

### RULES FOR HUSBANDS.

Another Presumptuous Man Picks Flaws in French Woman's Logic.

Some Presumptuous Man published a list of commandments for wives, one of which ran: "Now and then acknowledge gracefully that thy husband knows more about some things than thou. After all, thou art not infallible." A second and still more daring rule for wives was, "Never be aggressive in thy arguments with thy husband, but always consider him as superior to thee." This was too much for French feminists and no wonder. One lady answers the pre-sumptuous man indignantly; The weaker sex has not merely duties; it has also rights. Feminism is advancing, and nothing will stop it. The weaker sex is the equal of the sterner. Equality forever! Here are the commandments which women oppose to those of men.

The lady then gives the rules for husbands with more spirit than logic: "Women have a right to have whims; it is a privilege of her sex. Never put her out. She might have hysterics, which would impair her health and cost thee money in doctors' bills."

Another good commandment runs: "Remember, good man, that thy wife is thy superior by her grace, her beauty and refinement. Therefore always worship at her feet." Where, then, good lady, does "equality forever" come in, if woman not only has privileges because she is woman, but is decidedly superior to man? Surely the strong-minded suffragist would spurn privileges of sex.

In another rule the lady seems to show sly knowledge of her sisters. "If, good man, thou desirest mountain air, ask thy wife to come to the seaside; she will immediately propose a holiday in Switzerland." But this is a very mild gibe at her own sex compared with her final thrust at the other in her last rule for husbands: "Man was created before woman as a preliminary sketch for the masterpiece. Remember, then, O husband, that thou art but a rough

draft." This ought to shut any husband up finally.—London Telegraph.

## LEGISLATIVE PROCEEDINGS

### BANKING BILL INTRODUCED—JONES WOULD MAKE GAMBLING A FELONY.

Oklahoma City, Ok., Jan. 11.—Mr. Fuller, Mr. Acton and Mr. Cox are authors of a new state banking act which proposes material changes to the bank guaranty law of the First and Second legislatures, and in part meets the wishes of some of the bankers, and is said to have their endorsement. The board is reduced to three members, the governor and two to be named by him, each additional member being of different political faith, with the requirement that they have had at least five years' actual experience.

Each bank is to be required to pay an annual assessment of one-twentieth of 1 per cent, based upon their average daily deposits for the past year, which goes to the guaranty fund until the total fund equals 5 per cent of the aggregate deposits in all guaranteed banks.

In case of depletion of the fund, a special assessment of 1 per cent is made and if there is insufficient money in the fund to pay all depositors in case of a failure, the State Banking Board is to issue 4 per cent deficiency certificates.

If a failed bank can pay all liabilities within four months, then it is permitted to reopen for business, otherwise it must be completely liquidated, and if voluntary liquidation is assumed, 30 per cent of the money it has paid to the state guaranty fund is returned, the remaining 20 per cent being diverted into the state Treasury.

The state fund is to be deposited with the state treasurer, but all subsequent assessments are to be retained by the banks making payments as the proposed act is that no deposit otherwise secured shall be protected by the depositors' guaranty fund.

The bill is not wholly in line with the recommendations made by Gov. Cruce but it is believed he would agree to its terms if approved by both houses.

The governor's policy in viewing the legislature as an independent branch of the government, as recently announced, is merely to recommend legislation with no attempt to dictate the details, and while willing to confer freely with the members as to the terms, the burden of good or bad laws must rest with them.

In connection with the banking laws, Senator E. C. Hols has given notice that he would reintroduce his bill of the Second Legislature requiring that all public moneys be deposited in guaranteed banks. This would only go to funds controlled by the state laws, including, however, everything from the township to the state. The bill effectively eliminates national banks upon the theory, the senator says, that if the guaranty law is good for the individual depositor, it is good for the state.

The bill met defeat in the Second legislature because it was accepted as being a discrimination against National banks.

#### Memorial to Congress.

Another measure in the house was by Mr. Leftwich, memorializing congress to give legislation in harmony with the recommendations made by Gov. Haskell in his final message regarding the prohibition laws. It asks the government to refrain from collecting internal revenue tax on liquors in prohibition states, to deny the use of the United States mails in ordering importation of liquors into prohibition states, similar to the anti-lottery laws, and to withdraw the protection of interstate commerce from any outlawed commodity the traffic of which is prohibited by state laws.

#### Other Bills in House.

Other bills in the house were:

By Mr. Barret—providing for attendance upon school by children in districts other than that of their residence; defining wagers and making betting in a gambling house as well as operating one, a felony; defining nuisances, providing that they may be abated by injunction brought at the instance of any County Attorney, the Attorney General or any citizen; providing for confiscation of property, and penalizing those declining to abide by such injunctions; declaring places where liquor is sold public nuisances, and conferring upon district and superior courts authority to abate same by injunction.

By Mr. Jones—Making gambling a felony; confining jurisdiction of justices of the peace to the township from which they have been elected.

By Mr. Pryor and Mr. Teehee—Defining contempt of court, and classifying direct and indirect contempt of court, vitalizing a section of the constitution.

By Mr. Searcy and Mr. Whitman—Creating a board of examiners for miners, and requiring that they pass examination before being permitted to ply the trade.

By Mr. Ashby of Pushmataha—A laborers' lien.

By Mr. Clark of Grant and Mr. Champion—Providing for recall all district and state officials upon presentation of petition signed by 65 per cent of the number of votes cast for governor in the previous election, providing for subsequent election, at which the recalled official may be a candidate for re-election. Recall shall not be applied until six months after the beginning of term of the official to be recalled save as to legislators who may be recalled within five days after their terms begin.

By Mr. Wright and others—Creating the office of county coroner; giving thrashers of grain a lien upon the seed for their pay.

By Mr. Smith of Creek—Authorizing school boards to purchase and loan text books to school pupils.

By Mr. Broom—Making it a misdemeanor to draw a check upon a bank in which the maker has no funds.

#### Bills in the Senate.

In the senate, Senator Stewart offered a bill creating a supreme court commission of five, to be appointed by the governor, and confirmed by the senate, which commission shall decide all cases referred to it either by the supreme court or the criminal court of appeals, such decision to be final.

By Mr. Smith of the senate and Messrs. McDuffie and Carson of the house: A county assessor's law.

By Senator Mitchell: Amending the law relating to forfeiture of bonds.

By Senator Sorrells: Providing that employees voluntarily retiring from service of a corporation shall be paid within three days and if discharged to be paid within twenty-four hours.

By Senator Franklin: Providing that engineers shall have had three years' experience as firemen; conductors two years as brakemen and brakemen and flagmen at least thirty days' training, emergencies being provided for and the law not to apply to lines of less than twenty-five miles in length.

The senate refused, by a vote of 17 to 20, to reconsider its action adopting the adverse committee report on the Sorrells bill proposing to increase the salary of the state labor commissioner from \$2,000 to \$3,000 per year.

Final passage was obtained in the house upon the bill by Maxey, Rexroat

#### HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and a dark hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average bald-headed man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness, Prof. Sabouraud, of Paris, France, inoculated a rabbit with Dandruff germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Nidoro's Herpicide.
